MOMnext is a group for moms of school age children, kindergarten through high school. MOPS International has designed MOMSnext to encourage, equip, and better develop moms for the phase of mothering after preschool. As kids enter the school years, new challenges and issues arise, but the need for God, community, and hope remains.

Come join our group of moms as we tackle the challenges and issues that arise with our school-age children, and other areas of our life.

This year's meetings will have discussions, and an occasional speaker, on many topics that pertain to moms with school age children, family, marriage, and more!
